Please add as much detail about the back breeding of this horse as it will help us to build a more accurate history of the breed and create a valuable reference source for the future. If you have DNA typing to sire and or dam or any others, please send a copy so your cob has verified parentage recorded. You DO NOT have to have DNA – we will happily record the pedigree on a trust basis. However, it cannot be registered DNA verified.

Please send ALL the forms back to GCR including the horse passport and silhouette forms, with your photo and payment of £16 plus £2.75 postage per passport. If you have more than 5 passports, please contact the GCR office for a special postage rate.

By signing this form I agree to abide by the Rules & Regulations of the Gypsy Cob Registry UK & Ireland.
